**Paul Odipo
seeks sponsors for his
running in the
Flying Pig Marathon
May 5, 2013**

Paul Odipo (right) is travelling from Kenya to Cincinnati to fulfill his dream of running a marathon in the USA with the goal of helping SOTENI International raise money to support our programs focused on reducing the incidence and effects of HIV/AIDS in rural Kenya. Paul feels that “everyone has a responsibility to help those less fortunate” and cites his wish to contribute to local and international SOTENI programs as his inspiration for running the Flying Pig Marathon as part of

Team SOTENI – Kilometers for Kenya.

Through his own hard work and determination he has been able to carefully balance his training with employment as a driver for a Nairobi security company and supporting his three young children after the death of his wife three years ago.

We hope you will help support Paul’s dreams and SOTENI’s mission!
